

Appendix B

Universities and Grants Programs

The mission of the Universities and Grants Programs (U&GP) is to promote the benefits of transportation education and encourage the pursuit of transportation research among university students and faculty. U&GP is responsible for the administration of the Dwight David Eisenhower Transportation Fellowship Program (DDETFP). The DDETFP is congressionally mandated by legislation (ISTEA and TEA-21) and funded at \$2 million annually, dating back to 1992. U&GP works cooperatively with more than 800 colleges and universities (including HBCUs, HSIs and TCs) and more than 100 transportation related disciplines.

U&GP's primary objectives are to:

- enhance FHWA university-based programs and other academic programs;
- provide fellowships, internships and partnerships;
- conduct data analyses related to retention, recruitment, diversity and workforce development;
- conduct research on DOT and FHWA's transportation related academic programs

Dwight David Eisenhower Transportation Fellowship Program (DDETFP)

The goal of the Fellowship Program is to attract and retain the nation's brightest minds in transportation. DDETFP awards 100 - 130 fellowships annually. In 2003, 126 Eisenhower Fellowships were awarded, including two pilot Legal Intern Fellowships. Through a partnership, under the auspices of the Eisenhower program, with the Office of Transportation Planning, U&GP was able to split fund three Eisenhower Fellowships.

The U&GP database is a unique program management tool which enables U&GP staff to track recipients through the transportation education pipeline into the transportation workforce. The U&GP database can also track other Department Of Transportation university-based program activities.

There are six Eisenhower Fellowship Categories:

Eisenhower Graduate (GRAD) Fellowships

Eisenhower Grants for Research Fellowships (GRF)

Eisenhower Faculty Fellowships (FF)

Eisenhower Historically Black Colleges and Universities (HBCU) Fellowships

Eisenhower Hispanic Serving Institutions (HSI) Fellowships

Eisenhower Tribal Colleges Fellowships (TCF)

Six major Transportation Education Pipeline initiatives are:

Dwight David Eisenhower Transportation Fellowship Program (DDETFP)

The following is a current listing of University Transportation Centers (UTCs). All of the centers can be accessed through the UTC Website at <http://utc.dot.gov>

University Transportation Centers, TEA-21, Section 5110

University	UTC Theme
Group A	
Massachusetts Institute of Technology	Strategic Management of Transportation Systems
City College of New York	Regional Mobility and Accessibility-Investment Strategies
Pennsylvania State University	Advanced Technologies in Transportation Operations and Management
University of Tennessee	Transportation Safety
University of Wisconsin-Madison	Transportation Investment and Operations
Texas A and M University	Sustainable Transportation for Mobility and Economic Strength
Iowa State University	Transportation Management Systems and Operations
North Dakota State University	Rural and Non-Metropolitan Transportation
University of California, Berkeley	Improving Accessibility for All
University of Washington	Management and Planning of Intermodal Operations
Group B	
University of Central Florida	Advanced Transportation Simulation
University of Southern California and California State University, Long Beach	Metropolitan Transportation Research
Rutgers University	Advanced Infrastructure and Transportation
University of Missouri at Rolla	Advanced Materials and Non-Destructive Testing Technologies
South Carolina State University	Transportation Intermodalism
Group C	
University of Arkansas	Rural Transportation
University of Idaho	Advanced Transportation Technology
University of Alabama	Management and Safety of Transportation Systems ITS
San Jose State University	Surface Transportation Policy Studies
University of Southern Florida	Urban Transportation
Group D	
University of Minnesota	ITS
Marshall University	Economic Growth and Productivity in Rural Appalachia through Transportation
George Mason University, University of VA, and VA Polytechnic Institute and State University	ITS
Montana State University, Bozeman	ITS, Rural Transportation
University of Rhode Island	Advance Transportation Infrastructure and Systems
Northwestern University	Infrastructure Technology

UTC University Transportation Center
 ITS Intelligent Transportation System

As of 11/01/2003
