FEBRUARY TRAINING SESSIONS

Interested in taking an NHI training course?

There are more than 40 NHI courses currently scheduled across the country in the month of February. Visit the [NHI Web site](#) to see a list of this month's training sessions.

If you can't make it to any of NHI's in-person, Instructor-led trainings, you can always take a self-paced, Web-based training (WBT). NHI now offers more than 135 WBTs. [Click here](#) to see a complete list of NHI's WBTs.

NHI Attends TRB Annual Meeting

The 2013 TRB 92nd Annual Meeting was a record-setting event with 11,700 attendees. The meeting, presented each year by the Transportation Research Board, was held in Washington, DC, January 13-17, and featured the theme: Deploying Transportation Research - Doing Things Smarter, Better, Faster.

NHI hosted a booth along with fellow FHWA outfits. NHI employees shared information about the latest developments in transportation-related training, debuted this year's edition of the NHI magazine *NHI Training in Progress*, and provided demonstrations of the award-winning Virtual Bridge Inspection technology.

NHI was honored to present this innovative learning tool to FHWA Administrator Victor Mendez. For more information on NHI's latest training opportunities, please visit www.nhi.fhwa.dot.gov.

NHI instructional systems designer Meredith Perkins walks Administrator Mendez through the Virtual Bridge Inspection CBT, which is featured in NHI training [130055 Safety Inspection of In-Service Bridges](#).

Course Spotlight: NHI Highway Safety Improvement Program Training Series

In an effort to support the Highway Safety Improvement Program (HSIP), NHI presents a series of courses to help State and local agencies understand and advance HSIP implementation. The purpose of HSIP is to reduce traffic fatalities and serious injuries on public roads and the program requires State departments of transportation to develop and implement a comprehensive statewide plan, called a strategic highway safety plan (SHSP).

The following courses present information related to the various components of the HSIP including two courses focused on SHSP development and implementation.

NHI-Hosted Trainings at Arlington Facilities

In response to requests from the transportation community, NHI will host a series of NHI courses at our training facilities located in Arlington, VA. NHI will offer our most popular courses and others not widely offered in individual States.

NHI's modern facilities offer four training rooms that feature the tools and equipment necessary to ensure a productive and engaging learning environment. Additionally, we are located within 15 minutes of the Nation's capital. We welcome the opportunity to host transportation professionals from across the country as

well as from the DC metro area.

Upcoming Sessions:

[420018 Instructor Development Course \(3.5-day\)](#)
April 2-5, 2013

[130055 Safety Inspection of In-Service Bridges](#)
April 8-19, 2013

Soon to be Scheduled:

[142051 Highway Traffic Noise](#)

[152054 Introduction to Urban Travel Demand Forecasting](#)

[130053A Bridge Inspection Refresher Training](#)

[130091 Underwater Bridge Inspection](#)

[130091B Underwater Bridge Repair Rehabilitation, and Countermeasures](#)

[310123 FHWA Contracting Officers Representative \(COR\)](#)

[134068 Addressing Uncertainty in Cost Estimating](#)

For more information about upcoming trainings at NHI's training facilities, be sure to [subscribe to NHI News and Updates](#).
