JUNE TRAINING SESSIONS
Interested in taking an NHI training course?
There are 20 NHI courses currently scheduled across the country in the month of June. Visit the NHI Web site to see a list of this month's training sessions.

If you can't make it to any of NHI's in-person, instructor-led trainings, you can always take a self-paced, Web-based training (WBT). NHI now offers more than 140 WBTs. Select this link to see a complete list of NHI's WBTs.

NHI Launches Improved Search Experience on the NHI Web site

NHI has redesigned the search and search results pages on the NHI Web site, enabling users to more quickly and easily find and connect with courses and sessions. Specialized tabs allow you to find courses, search for sessions, browse by program area, or download the NHI catalog.

The redesigned search results pages provide at-a-glance information about courses and sessions. Updated features include the "Sort By" feature, which displays search results according to selected preferences, and the "Scheduled Session" links that show real-time counts of upcoming training sessions. Selection of course titles enable users to view full course descriptions, view upcoming sessions, and/or enroll in training.
Check out NHI’s innovative new search pages on the [Search for Courses page](#).

**Course Spotlight: Safety Series**

June is National Safety Month, an annual observance dedicated to education and awareness surrounding leading causes of preventable injury and death. According to the National Highway Traffic Safety Administration, there were an estimated 5,338,000 reported traffic crashes in 2011, resulting in more than 32,000 fatalities and 2,217,000 injuries.

NHI offers several courses designed to help transportation organizations identify and address safety risks and implement low-cost solutions to enhance highway safety.

- **380069 Road Safety Audit**
- **380076 Low-Cost Safety Improvements (Instructor-led training)**
- **380083 Low-Cost Safety Improvements (Web-conference training)**
- **380093 Application of Crash Modification Factors**
- **380089 Designing for Pedestrian Safety**
- **380090 Developing a Pedestrian Safety Action Plan**

**NHI-Hosted Trainings at**
Arlington Facilities

In response to requests from the transportation community, NHI will host a series of NHI courses at our training facilities located in Arlington, VA. NHI will offer our most popular courses and others not widely offered in individual States.

Upcoming Sessions:

- **132034 Ground Improvement Techniques**
  July 22-26, 2013

- **130096 Cable-Stayed Bridge Seminar**
  July 23, 2013

- **132014 Drilled Shafts**
  July 31-August 2, 2013

- **142051 Highway Traffic Noise**
  August 6-8, 2013

- **135082 Highways in the Coastal Environment**
  August 27-29, 2013

- **132036 Earth Retaining Structures**
  September 10-12, 2013

Soon to be Scheduled:

- **142049 Beyond Compliance: Historic Preservation in Transportation Project Development**

- **152054 Introduction to Urban Travel Demand Forecasting**

- **310123 FHWA Contracting Officers Representative (COR)**

NHI’s modern facilities offer four training rooms that feature the tools and equipment necessary to ensure a productive and engaging learning environment. Additionally, we are located within 15 minutes of the Nation’s capital. We welcome the opportunity to host transportation professionals from across the country as well as from the DC metro area.

For more information about upcoming trainings at NHI’s training facilities, be sure to subscribe to NHI News and Updates.
